MESSAGE FROM THE PRESIDENT

Mahmoud Hijawi
President

“

Since we are in business, our team has been constantly growing and developing in our field of activity by hiring competent and passionate people. The expertise of our loyal, devoted and respectful employees generates the trust of our clients from the start. Our greatest pride is related to the realization of our projects and the trust our numerous clients have in us and it is also a great source of motivation on a daily basis.

Built on solid values and basis, our company is constantly growing. Our commitment is to offer the best service to our clients, this being our main goal. By continuously making the required efforts to offer a safe and appropriate work environment to our employees, this benefits the company as well as our clients.

SSBC insists on working as a team with our employees and all our collaborators with the objective of offering excellence in all our projects. It is because of the commitment and involvement of every member of our team that we can be proud to offer you excellent services with integrity and transparency by aiming for the highest standards of the industry.

I take this opportunity to thank our clients and our faithful employees. We appreciate the trust you have had in us throughout the years and our sincerest thanks for all of you that have allowed us to move ahead.

“

MESSAGE FROM THE CHIEF OPERATING OFFICER

Mohammad Hijawi
Chief Operating Officer

“

We believe that the growth that counts doesn't always include the bottom line. Our employees are provided opportunities to grow, personally and professionally. With those opportunities, we empower the person, the team, and ultimately, the company. When that happens, SSBC vision becomes a reality.

A higher standard for the bottom line, we embrace flexibility by accommodating our clients' specific needs through our collaborative approach. You can rely on SSBC to seek the best solution for each services on infrastructures & building construction works.

The basic fact of our business is simple: We don't succeed unless our clients succeed.

“

INTRODUCTION

Who are we?

- **Special Support for Building and Construction Co. (SSBC)** has been established in Jeddah, Saudi Arabia in 2005. SSBC is a family owned company and a sister company of **Sanad Elemaar for Building and Construction (SEBC)** which was established in 2009. Both SSBC & SEBC are in joint partners with **Infrastructure United Construction Company Ltd (ICCU)**.
- We specialized in infrastructure construction with emphasis on Engineering, Procurement, and Construction (EPC) on Electrical Systems, Underground Utilities, Telecommunication System, Road Works, Civil Works, & Building Construction.
- For over a decade, we have been building up our expertise to serve an ever increasing demand and challenging construction needs in the Western Region of Saudi Arabia. Our success has enable us to expand into North America now forming **Special Support North America (SSNA)**.
- With our employees having knowledge of regulations, great technical ability and experience of working in a wide range of industries, we can minimize your costs and fulfill your requirements.

MISSION STATEMENT

Vision

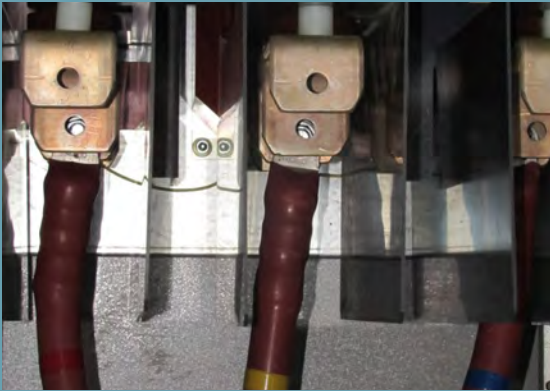

- Become a leading infrastructure and real-estate player across various geographies, perform with a high level of integrity and harness credibility.
- Contribute to the economic prosperity and growth through participation in projects of national importance.

Mission

- Strive relentlessly to provide world-class infrastructure development and contribution towards economic growth by delivering international standards of lifestyle.
- Execute urban development and infrastructure projects beneficial to the society at large.
- Innovate and provide intelligent infrastructure solutions in a manner which is sustainable.
- Engage in challenging projects, adhere to required standards and see them completion with high levels of integrity and dedication.
- Achieve transparency in every deal and endeavor to deliver on time.

OUR SERVICES

Civil Works:

- Reinforced Concrete Water Tanks, Manholes, Box Culverts, Road Gullies, Open Channels.
- Pre-engineered Steel structure, warehouses, factories, parking shade, farm, service centers, Building Works.
- Concrete Paving, Asphalt Paving, Concrete Curbstone
- Soil and Rock bulk excavation, Landscaping.

Electrical Works:

- Medium Voltage Power distribution up to 110kV.
- Low Voltage power, Telecommunications, Ducts.
- Panel boards, Power Substation, Street Lightings.
- Testing and Commissioning.

Mechanical Works:

- Storm Drainage Network, Sanitary Network
- Potable Water & Irrigation Network.
- Treated Sewage Effluent Network.
- Fire Protection System.
- Pumping stations, Cold Storage, Chiller Plant
- Production lines for factory equipment.
- Testing and Commissioning.

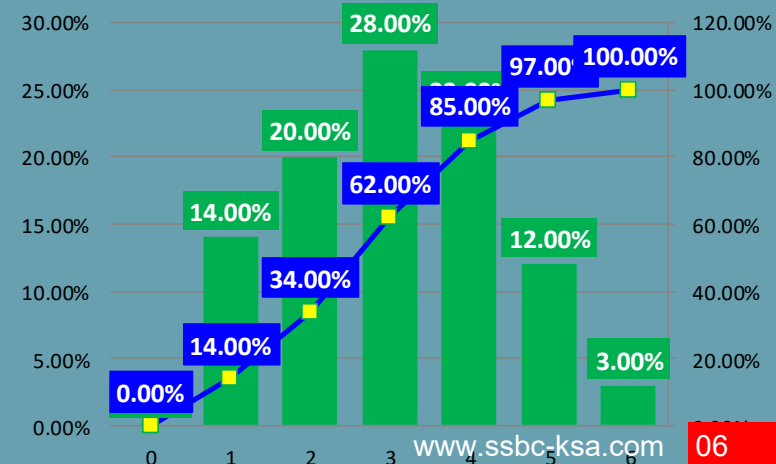

MANAGEMENT STRATEGY

Special Support for Building & Construction will organize and set up an effective management and supervision team that is structured specially for each project. The project team will be drawn from the technical and management resources within the company to provide personnel with the necessary skills required for each stage of the project.

The team will produce a strategy for the contract and will identify the critical success for the project as follows:

- Liaison and communication
- Skills 'Fit for Purpose'
- Organization
- Quality Measurement
- Business Continuity
- Safe Working Environment
- No Exposures
- Meet All Commitments
- Client Care
- Financial Management
- Completion of the project in line with the contract specification.

HEALTH, SAFETY & ENVIRONMENT POLICY

Special Support for Building & Construction is ensuring a hazardous free working environment as far as reasonably practicable for all employees and will supply the means to enable all personnel to carry out their duties safely and in accordance with the project policies.

HSE is of paramount importance and the acceptance of responsibility is taken very seriously. All levels of staff and operatives are trained to high standards in respect of protection and environmental control of both operatives and the general public.

By making a conscious effort to integrate all reasonably practicable safety measures into project planning and by providing PPE, safety training and information to all our workers concerned and by deploying competent trained safety professionals in day-to-day safety management, safety training and supervision, we strive to the utmost of our capabilities to safeguard health and safety of all persons including the general public affected by our project operations.

It is our policy that all sites are checked by HSE Officer. A report of each visit is also made available to the clients and site operatives.

The result of which is quite visible where our company has achieved for having zero accidents for millions of hours of work done by our employees.

QUALITY ASSURANCE | QUALITY CONTROL POLICY

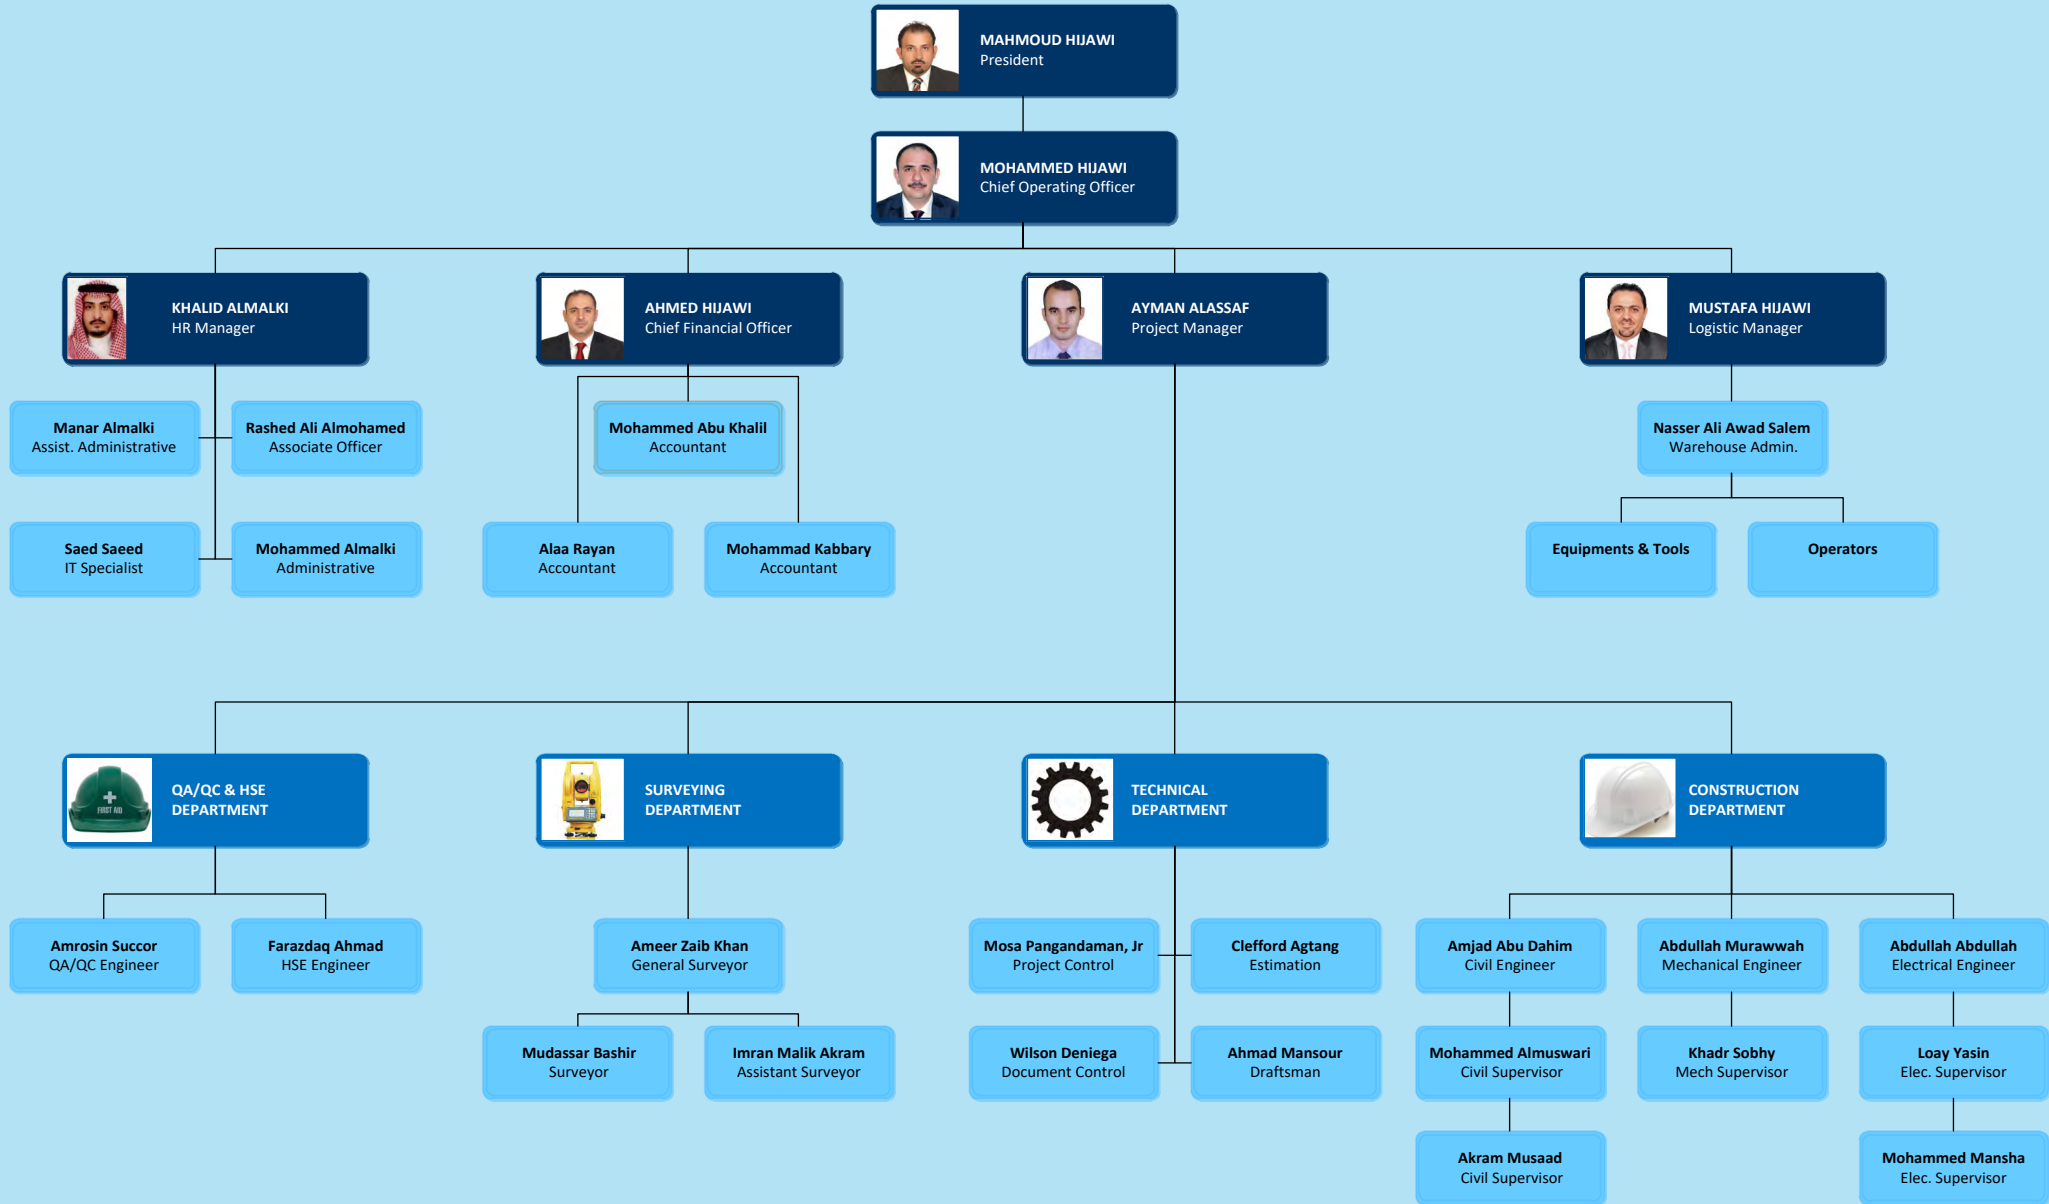

Special Support for Building & Construction implements a quality control system in accordance with ISO 9001. The system ensures that the method of working, company processes & deliverables comply with the specifications and international standards.

One of the initial quality assurance activities on a project is preparation of a project quality manual. The manual contains an overall program description and procedure that details the activities. These procedure are normally approved by the client and cover quality activities through out all phases of the project, including engineering, procurement, and construction.

- Quality Program Scope and Implementation
- Organization
- Program
- Procurement Control
- Control of Non-Conformances
- Control of Quality Assurance Records
- Audits

ORGANIZATIONAL CHART

OUR PROJECTS

Project Title : SEWAGE NETWORK PHASE 13—TABUK

Contractor : Peaks Construction & Maintenance Co. Ltd.

Date : 2018—Present

Location : Tabuk, Saudi Arabia

Client : Ministry of Water & Electricity

Scope : Sewage Network Pipes 116,000 Meter Pipes & 1850 Numbers of Manholes.

Project Title : STORM DRAINAGE—JAZAN ECONOMIC CITY

Contractor : Abdullah Al-Ajmi Company

Date : 2017

Location : Jazan, Saudi Arabia

Client : Saudi Arabian Oil Company

Scope : Supply and Installation of Storm Drainage Network

OUR PROJECTS

Project Title : AL WAHA ELECTRICAL CONNECTIVITY— INFRASTRUCTURE WORKS

Contractor : Infrastructure United Construction Company Ltd.

Date : 2017

Location : King Abdullah Economic City

Client : Emaar, The Economic City

Scope : Medium Voltage Power cable 13.8kV Distribution, Joints, Termination, Duct banks, Earthworks.

Project Title : HEJAZ PHASE 1A HARAMAIN SEGMENT 1— PRIMRAY INFRASTRUCTURE WORKS

Contractor : Infrastructure United Construction Company Ltd.

Date : 2017

Location : King Abdullah Economic City

Client : Emaar, The Economic City

Scope : Storm & Sewage Network, Potable & Irrigation Network, MV Power distribution, Street Lightings, Telecommunications, Asphalt & Concrete, Earthworks.

OUR PROJECTS

Project Title : IV1 & IV2 MEDIUM VOLTAGE POWER CONNECTIVITY—INFRASTRUCTURE WORKS

Contractor : Infrastructure United Construction Company Ltd.

Date : 2016

Location : King Abdullah Economic City

Client : Emaar, The Economic City

Scope : Medium Voltage Power cable 13.8kV Distribution, Joints, Termination, Duct banks, Earthworks.

Project Title : BARKAH 110KV SUBSTATION PROJECT—DOUBLE CIRCUIT

Contractor : Special Support for Building & Construction Est.

Date : 2016

Location : Madinah, Saudi Arabia

Client : Government

Scope : 110kV Medium Voltage Power cable, Excavation, Backfilling, Compaction, Asphalt cutting & Reinstatement.

OUR PROJECTS

Project Title : 900MM POTABLE WATER LINE & UPGRADING PUMP STATION

Contractor : Infrastructure United Construction Company Ltd.

Date : 2015—2016

Location : King Abdullah Economic City

Client : Emaar, The Economic City

Scope : 900mm DI pipe, Gate valves & Fittings, Upgrading Potable & Irrigation Pump Station, Earthworks.

Project Title : IV2 ROAD 2 PRIMARY INFRASTRUCTURE WORKS

Contractor : Saudi Binladin Group—PBAD

Date : 2014

Location : King Abdullah Economic City

Client : Emaar, The Economic City

Scope : Storm & Sewage Network, Potable & Irrigation Network, MV Power distribution, Street Lightings, Telecommunications, Asphalt & Concrete, Earthworks.

OUR PROJECTS

Project Title : KING ABDUL AZIZ AIRPORT UNDER CONSTRUCTION 26 FLOORS

Contractor : Saudi Binladin Group—ABCD

Date : 2014

Location : Jeddah, Saudi Arabia

Client : General Authority of Civil Aviation

Scope : Landscaping, cut & fill, electrical works, mechanical works, and concrete works

Project Title : CORRECTIONAL FACILITIES— MINISTRY OF INTERIOR

Contractor : Saudi Binladin Group—RPD

Date : 2013

Location : Taif, Saudi Arabia

Client : Ministry of Interior

Scope : Rock and Soil excavation, backfilling, compaction, and all external civil works.

OUR PROJECTS

Project Title : SHUMAISY EMERGENCY LOADING CENTER PROJECTS

Contractor : Saudi Binladin Group—ABCD

Date : 2011—2013

Location : Makkah—Jeddah Expressway

Client : Ministry of Finance

Scope : Water Tanks 72,000 m³, Electrical Works, Mechanical Works, and Civil Works.

Project Title : MARWA STATION

Contractor : Saudi Binladin Group—RPD

Date : 2012

Location : Makkah, Saudi Arabia (Masjid Al Haram)

Client : Government

Scope : Rock excavation, backfilling, compaction, and all external civil works.

OUR PROJECTS

Project Title : KING ABDULLAH UNIVERSITY FOR SCIENCE & TECHNOLOGY (KAUST)

Contractor : Special Support for Building & Construction Est.

Date : 2009

Location : Thuwal, Makkah Province

Client : Aramco

Scope : Phase 1—Excavation, backfilling, compaction, and all external civil works in accordance with Aramco specs.

Project Title : MATTEX—CHILLED WATER PLANT

Contractor : Special Support for Building & Construction Est.

Date : 2007

Location : Jeddah, Saudi Arabia

Client : Mattex Factory—Al Rajhi Group

Scope : Supply and Installation of Chilled Water Plant, Main process chilled water system, and testing and commissioning of ammonia plant.

OUR PROJECTS

Project Title : SUPPLY & INSTALL FIRE FIGHTING SYSTEM— YANBU NATIONAL HOSPITAL

Contractor : Special Support for Building & Construction Est.

Date : 2006

Location : Yanbu, Makkah Province, Saudi Arabia

Client : Al Mutabagani Medical Company

Scope : Supply & Installation, Testing & Commissioning of Fire fighting systems for hospital & hostel.

Project Title : SAVOLA OIL FACTORY

Contractor : Special Support for Building & Construction Est.

Date : 2005

Location : Jeddah, Saudi Arabia

Client : Savola Oil Factory

Scope : Supply & Install Main Freezer room, Main Fire fighting pump, panel boards, refrigeration equipment, piping, civil works, and testing & commissioning.

OUR PROJECTS

Project Title : YANBU INDUSTRIAL SEA PORT

Contractor : Special Support for Building & Construction Est.

Date : 2005

Location : Yanbu, Makkah Province, Saudi Arabia

Client : Government

Scope : Supply & Installation of wireless LAN connection between buildings, testing & commissioning.

Project Title : TETRA PACK FACTORY (SWEDEN FACTORY)

Contractor : Special Support for Building & Construction Est.

Date : 2005

Location : Jeddah, Saudi Arabia

Client : Tetra Pack

Scope : Supply & Installation of Medium Voltage stations connected to panel boards to distribute the loads.
